

TRADITION, LEGACY, HERITAGE

Pictured above the first ever photograph of WSA in it's founding season, 1992. You'll find WSA staff Ryan Bush, Kevin King, and Barry Roberts pictured here. This is our brotherhood, this is our sisterhood, this is our legacy...

Remember When.... Hannah McGinis & Sarah Nemitalo 2005 State President's Cup Final

Remember when the 94 girls were the new darlings of the club. In 2005 the WSA 94 girls claimed their first of three consecutive State President's Cup Championships, winning 05, 06, and 07, before giving someone else a shot in 08. They are the only Oklahoma team to have claimed back to back titles. This year the team, as u16's has their sights set on a return trip to the State Cup semifinals.

Remember When.... WSA 89 Girls, Mikella Schexnider, in 2002....

Remember the "goofy" days of the WSA 89 girls, pictured here in 2002 following a game. While none would have accused the team of being overly "focused" the squad moved up to the top 50 of the national rankings after a string of impressive wins their u16 year, before landing a state final birth in their u18 year. Pictured front and center is Mikella Schexnider, in her "normal" pose. "Kella is now a Sophomore defender for the Oral Roberts University Golden Eagles.

Signing Party means I loves me some ICE CREAM!

The 2009 WSA Signing party included another Ice Cream treat from WSA Director of Coaching, Roger Bush (in an effort to make up for all the gatorades owed club wide). Pictured here the never shy 97 girls pose for a picture, and then presumably hit the dance floor. If only they could convince their coach to sing! Check out Coach Billy Wallace's song "These Traditions" on the WSA Website (it is the background track for the online Video "Traditions").

Whitehurst Sighting!

Frances and Skip Whitehurst served multiple and significant roles in the leadership of the WSA program during the "infant years". From treasurer, to tournament committee, to manager, video editor, webmaster, and now in "semi-retirement" (b/c we won't let them go) they serve as consultant and advisor to the WSA Board. This past year they were spotted at the annual WSA Signing Party -- enjoying some Ice Cream!

Pearson & Fielden Pic.. Customary. Overnight Camp.

It may be that Courtney Fielden and Stephanie Pearson's favorite thing to do is take pictures together, a rather customary occurrence. Here the two are pictured at the 2009 WSA Overnight Team Building Camp at Sky Ranch in Cave Springs. Court and Steph are both team members of WSA 93 girls. Editor's note: this is Steph's normal cameo pose.
